REPORTS OF OFFICERS:

MAYOR CLaar

Mayor Claar provided information regarding the COVID-19 guidelines on how many people can be in the boardroom for the meeting. He shared that all the Board members were in attendance, three Department Heads and one reporter. Everyone followed the rules by sitting socially separated.

He stated that the Village needs to pay bills and it has toughen up out there for the business community. He stressed that he believes that the Village needs to get our bills paid in a timely manner in order to help those people that have done work for us or sold us items instead of waiting to the next meeting.

He added that there is a board meeting scheduled in April, whether or not we will have it is yet to be determined. The situation changes, not daily, but literally hourly. He asked Ken Teppel, Public Safety Director and Lucas Rickelman, Public Services Director to head up the effort dealing with COVID-19. We have provided a couple of live talks from the podium with updates regarding the status and impact of the Coronavirus pandemic. This information has been added to the Village's Facebook page and website. Also included will be a full transcript of our presentations. Most of what we are saying has been published somewhere already. The information is changing continually and we have no idea what the future brings.

CENSUS 2020

Mayor Claar shared that he brought Census 2020 yard signs for each of the Village Trustee to place in their yard.

We would like you to please fill out your census forms and to encourage your friends to do so as well. People wonder sometimes about taxes. A lot of the tax revenue we get from the state of Illinois is determined by our population. Springfield collects money and they distribute it on a per capita or person basis. The more residents that respond to the Census in Bolingbrook, the bigger check we get from Springfield. This lessens the amount we have to go out into the community to pay for services. He urged Bolingbrook residents to please "Be Counted". Lastly, he commented that the census form is pretty straight forward, with minimal questions, and is easy to complete.

RESOLUTIONS:

RESOLUTION 20R-006
APPROVING A ONE-YEAR CONTRACT WITH COLUMBIA CAPITAL MUNICIPAL ADVISORS FOR THE VILLAGE'S SERIES 2020A BONDS

Motion Basta second Watts to adopt a resolution approving a one-year contract with Columbia Capital Municipal Advisors for the Village's Series 2020A Bonds.

This Resolution retains Columbia Capital as the Village's financial advisors. Interest rates are at historical lows and the Village has an opportunity to capitalize on these rates by refinancing General Obligation Bonds issued in 2002 and 2012. The Village has accumulated over \$6 million in surplus funds from the sale of land and stormwater contributions. In keeping with the Village's debt repayment policy, these funds can be used to reduce debt. Without extending, the current term of the Village's debt the Village can save ± \$9,344,191.00 by investing \$4,994,827.00. After this refinance, the Village's total debt will be \$256,970,000.00. Due to the uncertainty in the financial market, the staff and financial advisor will not be bringing a Bond Ordinance to the Board for consideration until the market is stabilized.

Mayor Claar added that this is because the Feds changed the interest rate as well as other issues. The bond market right now is a little volatile.

This Ordinance approves the S.U.P. with associated variances and a final development plan. The Plan Commission has reviewed and recommends approval.

Mayor Claar shared that he and Trustee Watts met with Dr. Mohammad Zahraee about his project. We went to the Purdue University campus in Hammond and talked to him about potentially doing some classroom work, particularly with STEM programs here in Bolingbrook. He added that it was a very interesting afternoon as he discussed his plans for a small office building. This would be a great use for Barbers Corners Road. The medical/professional building would be located right across from the Blue Bell Ridge development where they are building homes for seniors.

QUESTIONS FROM AUDIENCE/PRESS: None

MAYOR CLaar

COVID-19 is changing daily. As Mayor, I receive questions, comments and recommendations by phone and email. He added that he spends a good portion of the day responding to residents. One resident talked about the number of people in the grocery stores. Grocery stores are considered essential services and will remain open. There are people who are buying excessive amounts of some products. We have all heard that and would like to ask people to buy only what they need. It is important to try to stay six feet or more away from other shoppers. That is hard to police. Police Officers are not going to be able to do that.

We're just trying to work for compliance and cooperation. We're all doing this a little bit, a step at a time. He mentioned how badly he feels about New York and that it will probably get worse. There is a lot of information to be digested and we will share it, as we are informed.

Mayor Claar shared that he ends his recent live briefings with stay calm, stay safe and stay home. His wife Pat has been staying home with her 90 and 88-year-old parents in California. She cannot travel back to Bolingbrook and has been there in California for months.

The township has made accommodations to work through email and other available technology. Provided information in Spanish to encourage residents to complete their Census 2020.

Trustee Lawler

Thanked Mayor Claar, Ken Teppel, Lucas Rickelman, Rosa Cojulun and all employees for their efforts in continuing to provide effective services and keeping the residents of Bolingbrook up-to-date on all the information that is coming from federal and state agencies. He added that he knows that everyone at the Village is working hard to make sure that everyone stays safe. Please look out for each other, be safe and don't do anything to harm your fellow residents.

United Way of Will County has established and enacted their disaster crisis protocol. There is information on their website. There is a 24/7 helpline operated by Crisis Line of Will County for anyone in need at (815) 722-3344. They also have information on their website for those who need services and those who want to donate. This information will also be on the Village's website.

Shared that for those having challenges, keeping up with children at home or keeping yourself entertained, the Fountaindale Public Library is offering resources even though the building is not open. They are offering online resources and a variety of activities. He encouraged residents to go on the library's website for more information.

Trustee Basta

Provided information that Community Service Counsel is currently closed, but is scheduled to reopen on Monday, March 30th. If you need immediate assistance, you can call (815) 886-5000. The CSC is currently providing services for individual and family counseling as well as housing and financial services. They are available to assist in these times of need.

The Red Cross is running short on blood donations. If you are healthy, feeling well and eligible to give blood, please call 1-800-Red-Cross or go to their app. They are currently in dire need of type "O" donations.

Trustee Watts

Thanked the churches and non-profits that are still conducting food pantries in the community. He shared information that New Hope Baptist Church at 509 E. Briarcliff Road conducts their food pantry on the on the first Monday of each month. In addition, Compass Church located at 151 East Briarcliff Road has a food pantry – for more information contact them at (630) 739-2824. He encouraged residents to go to the online services provided by many churches in the community. This is a positive way to cope with everything that is happening due to COVID-19.

He thanked Mayor Claar, staff and the Village's leadership for all that they have done during this time. He commented that through this crisis, whenever I have had a question or a request on behalf of our residents, it had been handled very promptly by our Department Heads.

He shared that he appreciates the way our community has come together. It has been very impressive. We have had restaurants, residents, churches, businesses reach out to say, what can we do to help? It is extremely impressive of how everyone has come together during this time. He encourage everyone to continue to do that. The silver lining is that we have an increased family time. Let us appreciate that and take advantage of the extra time with family. If you feel stressed out because of the overflow of the crisis, please reach out for help.

Trustee Carpanzano

Thanked two local restaurants that really have stepped up. Danny's pizza opened up at the Promenade, and opened up under such difficult times. They agreed to provide lunches and even some dinners for the night staff over at the hospital. Chick-fil-A in Bolingbrook has been helping at the hospital too. He highly encouraged residents and small business to go to and support local restaurants that are providing carryout orders.

He also thanked everyone that stepped up and offered iPods, crafts and cards. They were for the residents at all Bolingbrook senior facilities who have been shut down.

Trustee Jaskiewicz

Mentioned at the last meeting he had asked for an item to be added to the agenda regarding the Village Clerk. He would like the trustees to approve the Village Clerk's administrative position.

Mayor Claar responded that Trustee Jaskiewicz was provided with the ordinances, which established this position well over 30 plus years ago. The Village had a budget meeting last year when the position was in the budget. At that time, it was approved for this year as it has been done in previous years. He shared that it could be discussed at the at the budget hearing workshop, which will be sometime in two or three weeks, but the vote was taken last year when you approved the budget as a member of the board.

Mayor Claar added that the ordinances that were sent to Trustee Jaskiewicz outlined the whole history of this position and he reiterated that the position was already approved in the 2019-2020 budget.

Trustee Jaskiewicz encouraged everyone to stay safe. Do what is recommended as far as social distancing, washing hands and so on. The biggest thing that he sees that disturbs him is when you go to the grocery stores and you see people wearing the plastic gloves when they shop, but instead of tossing them in receptacles to get rid of them, they are just tossing them on the ground. The parking lots are full of plastic gloves and/or masks. It is not fair to the grocery store employees to have to deal with that and pick up those items. He added that if you are wearing it and you are using it, you should be the one to dispose of it. Please use common sense and be safe.

He thanked public safety and public works employees as they are doing a good job during the crisis.
